Warning:

Stoller Europe S.L.U. makes all the recommendations based on experience. A lot of uncontrollable factors (preparation of mixtures, climatology, application forms, etc.) may be involved. Therefore, the user will be responsible for any damage that may occur.

If you have any questions, please contact Stoller Europe, or the distributor of Stoller Europe, or your technical advisor, for more specific recommendations.

Observations:

We recommend not to mix Ripener with products that contain calcium, magnesium, iron, manganese and zinc, unless they are chelated. However, if mixing is desired, it is advisable to consult your local distributor or representative in advance. These doses are indicative, and it will be the user's responsibility to increase or decrease them according to the crop's characteristics, always following the advice of a specialist technician. In any case, we recommend making a small-scale test before using the product.
